

# CONCURRENT ENROLLMENT SPRING 2017

## Important Concurrent Enrollment Information

Students in a Timpview second semester Concurrent Enrollment (CE) class need to be aware that UVU Spring semester deadlines come quickly with little time in the new semester before the application period and registration closes. UVU Spring application and registration opens 7 November 2016. Students should look at their THS schedules and plan now to be prepared in class before deadlines listed below.

The table on the right contains a list of second semester high school classes being offered with college credit and their UVU Course Registration Numbers (CRNs).

Students wanting to receive college credit need a UVID number. Log on to [www.uvu.edu/concurrent](http://www.uvu.edu/concurrent) to get started by following *1. Admission, Apply to become a UVU student*. Create an account and complete the Spring 2017 'High School Concurrent Enrollment application, paying the one-time \$35 admit fee. Your UVID will be available in 24-48 hours and can be found on MyUVU (if you currently participate in the CE program or have done so in the past this step has been done. **Tuition from previous registration must be paid** before course registration in current semester is allowed). Students then need to go online and register classes through the MyUVU portal for the college course credit available in your high school class.
