

SkillsUSA Club

Disclosure/Permission Statement 2019-20

PARENTS/GUARDIANS: Please review and discuss this disclosure statement with your students. If you have any questions or concerns, please contact Mr. Robertson either before or after school in person or by email at danielr@provo.edu.

CLUB DESCRIPTION: SkillsUSA is a national organization created to promote student interest in a variety of technical fields. It functions as an extracurricular activity where students can work on advanced projects and spend time after school in the industrial shops. Students can compete on state and national levels in the spring to gain experience and win prizes.

EQUIPMENT: Safety glasses and all other safety equipment will be supplied by the instructor. Students are required to wear safety glasses at all times while in the shop environment.

FEE: A fee of \$20.00 has been attached to this club to pay for national entrance fees. The fee must be submitted to the **SkillsUSA Account** at the **THS Finance Office**.

CLUB RULES:

1. **Safety First Always!**
2. **Club Advisor must be Present for Members to Work in the Shop**
3. **Always ask before using Class Materials**

SAFETY POLICIES:

1. This document must be completed and returned to the instructor before the student will be allowed to participate in lab activities. Credit is attached to the return.
2. The student will receive explanations and demonstrations regarding the safe and proper use of each piece of equipment that they might use in the lab.
3. Upon completion of the safety unit, the student must complete a written safety exam with 100% efficiency. The student will then be permitted to use tools and equipment to develop skills on required class assignments and personal projects.

Your signature and that of your student indicate that you have reviewed this document together regarding safe conduct in the lab area, that you agree to take responsibility for the student's personal safety, and that you are aware of the following:

1. That your student may be injured while working in the lab.
2. That this document authorizes the instructor to explain and demonstrate safe use of shop equipment and supervise your student while they are working.
3. That **NO** power tools are to be used if the instructor is not present in the lab.
4. That the instructor reserves the right to dismiss from the class any student who exhibits unsafe work habits.
5. That it is your responsibility to notify the instructor of any physical or mental conditions that might be hazardous to your student or others in the lab.
