High School Students can take actual UVU courses through Concurrent Enrollment via Live Interactive Education!

Live Interactive Education (formally called Distance Learning) is another great opportunity for Timpview students to earn college credit while in high school. Utah Valley Professors are on the UVU campus teaching in a classroom designed to transmit the class throughout the state. The high-tech equipment enables students to communicate with the professor on campus in real-class time while attending their class at Timpview High School in the Media Center.

Why take Live Interactive Classes?

- Earn high school and college credit at the same time
- Convenient: classes are attended right on the high school campus
- Low Tuition of only $5 per credit hour (student responsible for textbook, eBook, clickers etc. when assigned by the instructor)
- Classes are taught by UVU instructors in semester-based classes (earning 1.0 high school credit per semester)
- Classes fulfill college General Education requirements or degree prerequisites
- Get a jumpstart on college!

Who should take Live Interactive (LI) Classes?

- Junior and Senior students with 3.0 GPA or higher who meet ACT requirements for college English and Math courses. Sophomore students with 3.5 GPA and good attendance record
- Students wanting a challenge through rigor
- Self- motivated and disciplined students who understand the importance of attendance and good study skills
- Confident students that like expressing themselves through written communication
- Students ready to move on to college!

How do I participate in LI Courses?

- Before each semester begins meet with your CE Coordinator, Lisa Pulver in the Distance Ed room at Timpview Media Center for details, courses offerings per semester, and enrollment instructions
- Report or submit ACT scores or AP (Advanced Placement) exam scores to UVU
- Obtain and complete a Qualification Form (This requires admission to UVU)
- Meet with your high school counselor

Participation requires students to block out odd/even high school class time. UVU courses follow the UVU schedule and calendar. Fall courses may begin before THS classes begin in August. Spring courses begin in January before the end of high school first semester.

With a one-time UVU admission fee of $35 and participation in four LI courses a semester the low tuition cost of $5 per credit hour is a tuition savings of $2401!!
