

PREPARING FOR COLLEGE

Take the *right* classes.

You can go to college no matter which classes you take in high school. But, to be best prepared for college, try to take the following classes in grades 9-12. They can help you earn better grades in college and can increase your score on the ACT (which helps with college admissions and scholarships).

If you are interested in playing college sports, be sure to check out NCAA guidelines at ncaa.org. You will have to take specific classes in high school to be eligible.

ENGLISH: 4 credits

MATH: 4 credits

Math I, II, and III, plus one class beyond Math III

SOCIAL SCIENCE: 3 credits

SCIENCE: 3 credits

Lab-based, specifically biology, chemistry, and physics

LANGUAGE: 2 credits

of the same language

Take the right classes to double your odds of completing college, get better scores on the ACT, and prepare for scholarships.
