

High School Students can take actual UVU courses through Concurrent Enrollment via Live Interactive Education!

Live Interactive Education (formally called Distance Learning) is another great opportunity for Timpview students to earn college credit while in high school. Utah Valley Professors are on the UVU campus teaching in a classroom designed to transmit the class throughout the state. The high-tech equipment enables students to communicate with the professor on campus in real-class time while attending their class at Timpview High School in the Media Center.

Why take Live Interactive Classes?

- Earn high school and college credit at the same time
- Convenient: classes are attended right on the high school campus
- Reduced Tuition of only \$5 per credit hour (student responsible for textbook, eBook, course access code, supplies etc. been assigned for the class)
- Classes are taught by UVU instructors in semester-based classes (earning 1.0 high school credit per semester)
- Classes fulfill college General Education requirements or degree prerequisites
- Get a jumpstart on college!

Who should take Live Interactive (LI) Classes?

- Junior and Senior students with 3.0 GPA, Sophomore students with 3.5 GPA or higher (ACT requirements must also be met for ENGL or BIOL courses)
- Students wanting a challenge through rigor
- Self-motivated and disciplined students who understand the importance of attendance and good study skills
- Confident students that like expressing themselves through written communication
- Students ready to move on to college!

How do I participate in LI Courses?

- Before each semester begins meet with your CE Coordinator, Lisa Pulver in the Media Center at Timpview for course offerings and program details. She will need to put DL classes in your high school schedule and give you UVU enrollment instructions
- Report or submit ACT scores or AP (Advanced Placement) exam scores to UVU
- Obtain and complete a LI Registration Card (Will require admission to UVU)
- Meet with your high school counselor

Participation requires students to block out odd/even high school class time. UVU courses follow the UVU schedule and calendar. Courses may begin before THS classes begin in August. Spring UVU courses begin in January before the end of high school first semester.

With a one-time UVU admission fee of \$35 and participation in four LI courses a semester the reduced tuition cost of \$5 per credit hour is a tuition savings of \$2486!!
