Voted and approved minutes from November meeting

Digital Citizenship update - the presentations to the students will be "My Digital Life is Like..." and "Hoaxes and Fakes". Mary will send out information to parents on what was presented and when.

Suzanne presented on 9th Grade Academy and Enrollment. Lengthy discussion on how we facilitate 9th Grade Academy. Board agreed that the 9th grade academy is worth the investment. Paige Benjamin motioned for a vote that we extend our meeting to 1.5 hours next time to facilitate more discussion on how we best administer Academy to meet all 9th graders' needs (registration, self selection, parent informed, communication with Centennial). All were in favor.

We put off discussing AVID information for next meeting as well as Report on expenditures and School Safety Plan

Motion to adjourn meeting
